THREE MEMBERS OF NATIONAL HOUSE NOW LIE DEAD.

THREE IN RAPID SUCCESSION

CONGRESSMAN SALMON OF NEW JERSEY DIED TODAY.

PHILIPPINES IN THE SENATE

SENATOR BEVERIDGE ANSWERS SENATOR RAWLINS.

Washington, May 6.—The house today adjourned immediately after the reading of the journal out of respect to the memory of Representative J. D. Salmon, of New Jersey. This is the third consecutive legislative day on which the house has paid a similar tribute of respect to one of its deceased members. Never before in the history of the house have three desks been draped at the same time. It was a coincidence remarked upon by members today in connection with the deaths of Messrs. Cummings, Otey and Salmon that Mr. Cummings was appointed on the committee to attend the Rosecrans obsequies at Arlington; that Mr. Otey was appointed on the committee to attend the funeral of Mr. Cummings and that Mr. Salmon was designated to attend the funeral of Mr. Otey.

The chaplain in his invocation upon the assembling of the house referred feelingly to Mr. Salmon's death and Mr. Parker, of New Jersey, then announced the death of his colleague. In doing so he paid a high tribute to the character of Mr. Salmon. He offered the usual resolutions of sorrow and regret and they were unanimously adopted.

The speaker appointed the following committee to attend the funeral: Messrs. Gardner, Loudenslager, Hill, Fowler, Stewart, Parker and McDermott, of New Jersey; Graff, of Illinois; Ball, of Texas; Lloyd, of Missouri; Nevin, of Ohio, and Claude Kitchin, of North Carolina.

As a further mark of respect the house then at 12:10 adjourned.

IN THE SENATE.

Washington, May 6.—In his invocation in the senate today Rev. Dr. Milburn, the blind chaplain, referred feelingly to the unparalleled fact of the death of three members of the house of representatives in four days. His allusion was: "Let those solemn and frequent reminders of our mortality come home to us all with impressive weight, and so may we walk in the world that when we depart hence it may be well with us."

On motion of Mr. Allison, a house joint resolution making an additional appropriation of $10,000 for the dedication of the statue of Marshal De Rochambeau, to be unveiled in the city of Washington, was passed.

A bill to apportion the term of office of senators elected at the first general election held in the territory of Hawaii was passed.

At the conclusion of routine business the senate began the consideration of private pension bills, of which ninety were passed.

At 2 o'clock the Philippine bill was taken up. Mr. Beveridge, of Indiana, took the floor to refute some statements made by Mr. Rawlins yesterday in his reply to Mr. Lodge.

There was quite a sharp debate between Mr. Beveridge and Mr. Patterson as to what had been the testimony before the Philippine commission. Mr. Patterson told Mr. Beveridge that it would not do to impute motives to senators. Mr. Beveridge retorted that imputations came first from the minority senators. Mr. Bevridge also became involved in a controversy with Mr. Carmack, of Tennessee. The latter asserted that the soldiers were kind to the Fillpinos, but were under orders of officers in cases where tortures were inflicted. Mr. Beveridge denied that officers ordered torture except in one instance.

SURVEYING THE LIMA ROAD.

An engineering corps of eight men yesterday commenced surveying a route for the Lima-Fort Wayne electric road, commonly known here as the Cable syndicate road. The survey commenced at a point near Seeling's grocery on Pioneer avenue and was projected eastward, practically paralleling the New Haven road and the C., H. & D. and Nickel Plate railroads as far as New Haven. This morning the corps continued its work eastward from New Haven in the direction of Zulu, a station on the line of the C., H. & D. road. The point at which the survey was commenced was at the terminus of the city line on Pioneer avenue, as asked for by the latest proposition from the Fort Wayne Traction company. At Lima this projected company is having a fight and is demanding an independent franchise through the city.

BIG COAL STRIKE MAY BE AVERTED

New York, May 6.—The presidents of the leading anthracite coal roads met in this city today. As a result of their conference it is believed that the prospects of a strike by the miners is most improbable. Those present at the conference included President Baer, of the Reading; President Truesdale, of the Lackawanna; President Olpyhant, of the Delaware and Hudson; President Fowler, of the Ontario and Western, and several of the independent operators.

PREPARED FOR THE GRAVE

FUNERALS OF MR. AND MRS. RABEL ARE ARRANGED.

The Murdered Wife and Her Suicide Husband Will Rest in Cemeteries Miles Apart.

The remains of both Mr. and Mrs. William Rabel, victims of the startling tragedy inaugurated on Indiana avenue Saturday afternoon and completed at the county jail Monday morning, have been prepared for burial. Separate services, on different days, will be held for each, and the bodies will rest in burial grounds several miles apart.

The remains of the murdered woman were removed this morning to the home of the parents, Mr. and Mrs. Levi Walkel, 234 Indiana avenue, at 9 o'clock. The funeral services will be held from the house Thursday morning at 9 o'clock, and Rev. J. W. Lake, of Calvary U. B. church, will officiate. The interment will be at Lindenwood.

Rabel, 3201 Beaver avenue, and the funeral service will be held from the home Wednesday afternoon at 2 o'clock. The interment will be at Prairie Grove cemetery, southeast of the city. The hemorrhage from which Admiral Sampson suffered this morning was from the brain. At this hour (2:45 p. m.) his unconsciousness is very profound.

BANK UNDER NEW CHARTER

FIRST NATIONAL'S EXTENSION IS GRANTED.

Fort Wayne Institution One of the Oldest in the Country—New Stockholders Come In.

The First National Bank of Fort Wayne is today doing business under a new charter, or, rather, an extension of the old, which expired yesterday by limitation. The bank has been advised by the comptroller of the treasury that its charter has been extended, and the document is now on its way from Washington to this city.

The First National is one of the oldest national banks in the United States, but ten having been organized ahead of it. It was the first national bank organized in Indiana, having been chartered May 22, 1863, for a period of nineteen years. This charter expired May 22, 1882, but at that time there was no law providing for the extension of bank charters, though such a measure was being debated in congress.

It became evident that the charter of the Fort Wayne bank would expire before the bill could become a law, so that in order to avoid any interruption of business, the bank reorganized at that time, taking on a new number, 2701, and by special dispensation of the comptroller of the currency was permitted to retain its original name, the First National Bank of Fort Wayne. The law providing for the extension of old charters came into existence July 12, 1882, more than a month after the expiration of the original charter of the Fort Wayne bank.

The charter granted in 1882 for a period of twenty years expired yesterday and it has now been extended for a further period of twenty years. With the extension of the charter the First National will get a new series of national bank currency, the design differing radically from the notes heretofore in use. The denominations will be $10 and $20, the former bearing the vignette of President McKinley and the larger denomination the portrait of the late Hon. Hugh McCulloch. The new notes are expected to arrive within a week or ten days and will replace the old, which are to be redeemed as rapidly as they come in.

Lem R. Hartman, cashier of the bank, has been connected with the institution since 1864, his service dating from just a year after the original organization.

The list of stockholders of the First National bank has recently been increased by the addition of eight or ten prominent Fort Wayne business men, who have recently acquired a large block of stock in the institution, and it is said the board of directors is likely to be increased by the addition of from two to four new members as soon as the legal requirements for the election can be complied with.

ROBISON LOSES HIS SUITS

ST. LOUIS COURTS REFUSE TO RESTRAIN PLAYERS.

Hold National League Contract to be One-Sided and Unconstitutional —Philadelphia Cases.

St. Louis, Mo., May 6.—In the circuit court today Judge Talty denied the petition of President Robison, of the St. Louis National league base ball club, to restrain Wallace and Harper from playing with the St. Louis American league team. President Robison declared he had contracts with the two players which gave him their exclusive services this season.

Judge Fisher, who had been asked for a similar injunction to restrain Heidrick from playing with the American league local team, also denied the petition. The reasons given in both cases for denying the petitions for injunction were that the judges found the contracts signed by the players with the National league were one-sided and contrary to the constitution. They also found evidences of a trust.

THE PHILADELPHIA CASES.

Philadelphia, May 6.—Common pleas court today entered a decree refusing to allow the appeal taken to the supreme court by Second Baseman Lajoie and Pitchers Bernhard and Fraser, the enjoined players of the Philadelphia American league baseb all club, to act as a supersedeas. The three players were ordered to enter $500 security.

EVENT OF THE SEASON.

When the curtain rises on the first scene of "Quality Street" at the Masonic Temple tonight there will not be a vacant seat in the house. The appearance of Miss Maud Adams in Barrie's most popular play has been looked forward to as promising to be the theatrical event of the season here and all signs and augurites go for naught if it does not so fall out. The audience will be the largest and doubtless the most fashionable of the present season and Miss Adams is sure to receive a warm welcome to signalize her appearance as a star before a Fort Wayne assemblage. The out-of-town orders for seats have been large, though many were received too late to be accommodated. Manager Stouder is smiling a two-fold smile today—one for the treat he has for his audience and the other for the welcome he has in store for his attraction.

LEAVE MONDAY MORNING.

Battery B, in command of Capt. Will Cleary, and company D, Third infantry, commanded by Capt. O. C. Meyer, will leave the city next Monday morning at 6:30 o'clock over the Lake Erie and Western railroad for Indianapolis to attend the annual camp of instruction of the Indiana national guard. The Fort Wayne soldiers will also participate in the ceremonies incident to the dedication of the soldiers' and sailors' monument.

LOCAL LINES.

Mrs. Adams and niece, of West Wayne street, have gone to their old home in Racine, Wis., to visit.

Mrs. Ben Marriotte, who was operated on several weeks ago at St. Joseph hospital, is able to be about again.

Albert Klingman, a clerk employed by J. Blombach, had a thumb badly cut while handling a broken seltzer bottle.

Velrv, the little daughter of Mr. and Mrs. J. N. Payne, of Thompson avenue, has recovered from a two weeks' illness.

Charles Baals, of the Wayne Biscuit company, who has been at Hope hospital for some time, has recovered and resumed his duties yesterday.

Mrs. J. H. Bosch and children, who have been visiting Mrs. Bosch's parents in Terre Haute, returned home last evening after an absence of several weeks.

BRET HARTE DEAD

FAMOUS AMERICAN AUTHOR DIES IN LONDON.

HIS DEATH WAS UNEXPECTED

RECENTLY EXPRESSED BELIEF IN LONGER LIFE.

WROTE OF THE ARGONAUTS

DEPICTED LIFE IN MINING DAYS OF CALIFORNIA.

London, May 6.—F. Bret Harte, the American author, died here last night. He was born at Albany, N. Y., on Aug. 25, 1839.

Mr. Harte died suddenly at the Redhouse, Camberley, near Aldershot, from hemorrhages, caused by an affection of the throat.

Mr. Harte had been living quietly in England for years. Most of his time was spent in the country and when in London he was almost equally secluded, having few visitors to his rooms at Lancaster Gate, and only going to the houses of a limited number of very intimate friends. Several months ago, when a false report of his death was circulated in America, a representative of the Associated Press called at his rooms. Mr. Harte then appeared to be perfectly well. He laughed heartily and quoted Mark Twain's old saying about the report being greatly exaggerated. "Except for a little cold," said Mr. Harte, "I have no ailments or complaints. While I am getting to be a pretty old man—pointing to his snow white hair—there is life in the old dog yet," and thereupon he lit a cigar so large that it would have done credit to any of his Poker Flat friends. He was hoping, he also said, to do more work, but he confessed he was growing lazy.

Mr. Harte had been suffering from swelled tonsils since December last, but he did not consider the attack to be serious. A week ago he went to visit friends at Camberley, and was present at lunch, as usual, yesterday. He suddenly became ill in the afternoon, went to bed and died in a few hours. His end was peaceful.

LIFE OF F. BRET HARTE.

Francis Bret Harte, one of the best known, most popular and talented of American novelists and poets of the latter half of the nineteenth century, was born in Albany, N. Y., August 25, 1839. His father was a school teacher and a man of fine education, and his son at one time designed to follow teaching as a profession. In 1854, however, he made his way to California in quest of fortune, and there, after working for a time in the mines, he became a compositor in a printing office, and afterward undertook the editing of a local newspaper. In connection with the latter he was insensibly drawn to literature, and in 1867 published, under the title of "Condensed Novels," a collection of clever parodies of the novels of leading American and English writers of fiction. In the following year he became editor of the Overland Monthly, and in its pages appeared much of his earliest and most characteristic work, both in prose and verse. In 1870 he published a collection of poems, among which were the famous "Heathen Chinee," and "The Society Upon the Stanislaus," which earned him a wide repute as a humorist, followed by the inimitable prose sketches of realistic mining life, entitled, "The Luck of Roaring Camp." These achievements won for him world-wide fame, and brought him engagements to write, at a then unprecedented honorarium, a series of poems and sketches for the Atlantic Monthly. After this he settled for a time in New York, when he received an appointment as United States consul at Crefeld, Germany, from which place he was transferred, in 1880, to the consulship at Glasgow, Scotland. At Glasgow the novelist resided until 1885, when he settled in London, where he pursued his literary career, working chiefly, when at his best, in his old-time California vein.

In Bret Harte western life has had no more dramatic or picturesque exponent, and no one has sketched with such vividness and animation the era of the Argonauts. His style was at once vigorous, but easy and flexible, and in character-drawing it was terse, vivid and racy. Rare were the skill and insight with which he seized and portrayed a situation, and with a few masterly strokes limned a figure on his canvas, bringing out by his unerring genius, either the squalid and the base, or the noble and heroic elements in humanity. He had, moreover, a delicious humor, though it could at times be broad as well as subtle. His later writings were mainly in the field of fiction. His chief writings are the following:

"East and West Poems," 1871; "Mrs. Skagg's Husbands," 1872; "Echoes of the Foothills," 1874; "Tales of the Argonauts," 1875; "Gabriel Conroy," 1876; "Two Men of Sandy Bar," 1876; "Thankful Blossom," 1877; "Story of a Mine," and "Drift From Two Shores," 1878; "The Twins of Table Mountain and Other Stories," 1879; "Flip" and "Found at Blazing Star," 1882; "In the Carquinez Woods," 1883; "On the Frontier," 1884; "Maruja," and "By Shore and Sedge," 1885; "Snowbound at Eagle's," 1886; "The Crusade of the Excelsior," 1887; "A Phyllis of the Sierras" and "Drift from Redwood Camp," 1888; "The Heritage of Dedlow Marsh," 1889; "A Waif of the Plains," 1890; "Colonel Starbottle's Client," 1892; "A Sappho of Green Springs," 1892; "Sally Dows and Other Stories," 1893; "First Family of Tasajara," 1893; "A Protege of Jack Hamlin's," 1894; "A Ward of the Golden Gate," 1894; "The Bell Ringer of Angels and Other Stories;" "Clarence," and "In the Hollow of the Hills."

FEAR FOR QUEEN

WILHELMINA'S SUBJECTS ARE PREY TO MISGIVINGS.

THINK RULER YET IN PERIL

DOCTORS' BULLETINS HAVE COVERT NOTE OF ALARM.

PATIENT HAD GOOD NIGHT

DOCTORS SAY CONDITION IS SATISFACTORY.

The Hague, May 6.—Queen Wilhelmina's physicians, in their morning bulletin, issued at Castle Loo, say:

"After a slight rise in her temperature yesterday evening, the queen had a quiet night and slept most of the time.

"Her temperature this morning is normal and her condition at the present moment is fairly satisfactory, although the patient still requires great care and attention."

Those who are in attendance on the queen are by no means fully reassured by the medical bulletins, which seem to indicate that the physicians themselves are uncertain as to the course which her illness may take.

Her majesty remains extremely weak. Two doctors were at her bedside almost all night long.

Telegrams of inquiry and sympathy continue to arrive in large numbers at Castle Loo.

A bulletin posted at Castle Loo at 2 p. m., today, announced that Queen Wilhelmina's temperature had "continued normal up to the present," and said that her majesty's "other symptoms do not call for special remark."

DOCTORS SATISFIED.

Schwerin (Mecklenburg-Schwerin), May 6.—The grand duchess, Marie of Mecklenburg-Schwerin, mother of Queen Wilhelmina's husband, received a telegram from Castle Loo today, as follows:

"Quiet night. Patient's strength and quantity of nourishment favorable. Doctors satisfied."

THREE-CENT FARE WINS OUT

COURT UPHOLDS CLEVELAND FRANCHISE.

Decision in Injunction Suit Says the Grant is Entirely Valid— Will Be Appealed.

Cleveland, May 6.—Judge Strimple, of the common pleas court, handed down a decision in favor of the city today in the three-cent fare street railway injunction case. The court dissolved the temporary injunction restraining the construction of the new line through Rhodes avenue and also dismissed the petition of William Raynolds, which claimed that the franchise granted by the city was illegal. Judge Strimple said that the franchise was entirely valid and that the consent of property owners had been secured in a legal manner.

Notice of appeal was filed by the plaintiffs in the suit.

LIKELY TO BE WEFEL.

This evening, in convention at the court house assembly room, the socialists of the Twelfth congressional district, will place in nomination a candidate for congress. While a number of other gentlemen are being mentioned for the place, a prominent leader of the party stated today that the choice was likely to fall to M. H. Wefel, the well known druggist of this city. Mr. Wefel is already nominated for auditor upon the county ticket, but prominent socialists believe it advisable to place him on the congressional ticket. He is perhaps the best known member of the party in the city, and is an indefatigable worker for the principles he espouses.

ROASTED THE MAYOR.

Mayor Berghoff this morning received an anonymous communication. The communication consisted of a clipping of his interview published in yesterday's Journal-Gazette, across the face of which was penciled the information that the expression of the mayor was an outrage, a disgrace to the head of the city government, was couched in the slang of the tough, and that it never could have emanated from a gentleman. The mayor considers the clipping one of the most valuable of his collection of criticisms, and is

ROYAL TONIC

Vinol Will Invigorate And Strengthen Quickly.

We Endorse and Guarantee It.

We sell many tonics.
We have demands for many so-called strength creators.
We handle all kinds of remedies that claim to be invigorators. We do this because we are druggists, and it is our business to supply the public with that which they want.
When our advice is asked, however, as to a tonic and rebuilder, strength creator and an appetite producer, we invariably recommend Vinol. We do this because we know all about Vinol. We know all that it contains. We have sold enormous quantities of it, and we have had every opportunity offered us to watch the results that have been accomplished by the use of this wonderful reconstructor.
If you have not yet had occasion to use such a tonic we would like to have you call on us, and learn why we are so enthusiastic about this scientific remedy.
Vinol contains all the curative principles in a highly concentrated state that are found in cod liver oil. It does not contain, however, any of the obnoxious, digestion destroying grease that always proved to be such a drawback to what otherwise would have been a most valuable remedy. We wish you would remember Vinol, and bear in mind that as a blood enricher and flesh creator and as a wonderful aid to digestion, we know of nothing that will compare with it.
Mrs. M. L. Perkins, Bangor, Maine, says: "I have only taken one bottle of Vinol. I, therefore, am not in a position to know the full extent of its beneficial action, but this one bottle has convinced me that Vinol is a marvelous tonic. While ill this winter with grippe, a friend told me about Vinol, and recommended it so highly that I procured a bottle. It benefited me wonderfully, and I believe that it possesses splendid building up properties. The little I have taken of it has convinced me that in my case it is most excellent."
We endorse Vinol. We guarantee its action. Such is our faith in it that we will gladly refund to anyone who is not satisfied the price they have paid for it.

ABOUT THE CITY HALL.

At the meeting of the board of works yesterday afternoon the most important business was the opening of bids for supplying about 7,500 street signs for marking street corners. The bids were advertised for and none but enameled signs were specified. The board is partial to steel signs, but among the number were several embossed tin sign bids. The propositions were as follows:
The Burdick Sign Co., Chicago, 26½ cents each, delivered at Fort Wayne; J. A. Bookwalter, Fort Wayne, 24 cents, delivered on cars at Fort Wayne; C. B. Talbott Co., Cincinnati, 33 cents on cars at Beaver Falls, Pa.; Enameled Iron works, Beaver Falls, Pa., 25 cents on cars at factory; National Enameling Co., Cincinnati, 20 cents on cars at Cincinnati; Sefton Bros., Chicago, 25 cents delivered on cars at Fort Wayne
Bids for placing the signs in position were also received as follows: George Loyd, Fort Wayne, to put all up, $650, or 9 cents for placing on frame, and 18 cents on stone or brick buildings; John A. Bookwalter, Fort Wayne, 4 cents on wood, 6 cents on brick or stone buildings, and 10 cents each where they are to be placed on iron, the board to supply the screws; E. E. Bisel, Fort Wayne, $3.50 per 100.
The board of works and city engineer this morning made another tour of inspection through a part of the "Adams work" on the South Wayne sewer, which has in part been condemned for faulty construction. As on the previous inspection, a number of faulty places were found, which were ordered replaced by work according to the specifications.
Tomorrow morning the board of works is expected to pass upon the letting of the contract for paving Buchanan street, involving a decision of construction of the law relating to the right of either of the parties to a joint ownership to sign a petition for improvement affecting the property jointly owned. The Sentinel has it upon good authority that in most of the instances in dispute affidavits have been secured from the second party alleging that the signing party was qualified to act as agent for the party of the first part. The impression among contractors is that in the event of the board deciding favorably to the asphalt petitioners the brick interests will antagonize the improvement with injunction suits. On Thursday night the board will open bids for the paving of Main street, west of the St. Mary's river bridge; Maiden lane, Columbia, from Calhoun to Barr, and Maumee avenue, as far east as Walton avenue.
Building permits have been issued to Joseph Haley to build a residence on Wells street, at a cost of $2,000; to August Holman to remodel a house on West Washington street, at a cost of $500, and to L. F. Scherer to build an addition to his house on Oak street, at a cost of $600.

THE MARKETS.

Chicago, May 6.—No sooner had the drought scare in the southwestern wheat fields been dispelled than grain speculators had a new weather bull argument to combat. Today traders were all fearing the heavy rains in the northwest would have bad results. Receipts at the northwestern points were very much curtailed and the delay in the spring seeding caused much comment about materially decreased acreage. July wheat opened ¼@½c to a shade higher at 75¼c to 75c and sold to 75½c. Cables started out lower, though comparatively firm. As the day advanced, however, they turned higher. The copious rains in the southwest—in fact all over the wheat country—did much to offset the bullish feeling and prices held steady at the advance. Corn was strong and aided in the upturn. Local receipts were 67 cars, 5 of contract grade. Minneapolis and Duluth reported only 84 cars, making a total for the three points of 151 cars, against 208 last week and 214 a year ago.
Absence of any selling pressure as prices in wheat advanced added to the strength of the pit situation. July closed firm, ½c higher, at 75½@75¾c.
Good buying after yesterday's break, higher cables and strong position of the leading bull party started corn on the advance today. July opened a shade to ¼@½c higher at 60⅞c to 61¼c and soon topped 61⅜c. Trade early was only fair, but offerings both speculative and from the country were small and prices held their advance steadily. Receipts were 209 cars.
There was good buying of corn all session, and although late reports indicated a freer country movement, prices steadily advanced, July closing strong, 1@1¼c higher, at 61⅞c.
Oats were slightly improved in tone as a result of the strength in corn and wheat. The cash situation was much improved but trade was slow. July opened ⅛c up at 35⅜c and advanced to 35¾c. Receipts were 296 cars.
Provisions met several weakening influences at the opening which sent prices back. The hog situation was weaker, continued talk about the beef trust investigation had a depressing influence and outsiders sold liberally. Packers as usual turned in to support the market against any decline, but prices sagged off. July pork opened 5c down at $17.05 and sold down to $17.00; July lard 5c lower to unchanged at $10.12½ to $10.17½ and sold at $10.10, and July ribs a shade higher at $9.52½ and eased to $9.50.

There was some hesitancy after the opening, but as the realizations proved small the traders bid up special stocks strongly and the entire market followed. Before the hour elapsed gains of a point or more had been made by members of the different active groups, particularly St. Paul, Pennsylvania, Missouri Pacific, New York Central, Delaware and Hudson, Consolidated Gas, Manhattan and Sugar. Chicago, Indianapolis and Louisville, New York Airbrake and Illinois Central advanced 2¼ each, Wheeling and Lake Erie first preferred, Lackawanna, Northwestern and American Linseed 2 each and North American 5½. Stocks maintained a strong tone, but the active leaders did not advance much beyond their earlier best prices aside from Reading and Louisville, which touch 63 and 142 respectively, and Chicago, Indianapolis and Louisville, which rose 4. Less prominent stocks were buoyant, New York Airbrake rising 9½, Westinghouse Electric and Lackawanna 8, General Electric 6 and Long Island, Canada Southern, Canadian Pacific and Delaware and Hudson 2@2½.

The will of the late Barbara R. Hill was probated today. It is a lengthy document abounding in items and codicils. The decedent's property is divided in miscellaneous ways among her children and grandchildren, a number of whom have already receipted for their share of the original bequest. The will was originally drawn in 1899, but the codicils date down as late as 1901. Specific provisions are made for the disinheritance of any named heirs who contest the provisions of the document.
Paul F. Kuhne has presented his final report as guardian of George C., Geneva A. and Frederick W. Bischoff.
A commission presided over by Justice McComb, of Perry township, has declared Olive F. Furnish, of Cedar Creek township, to be of unsound mind and the papers in the case have been forwarded to the eastern hospital at Richmond.
The only matter engaging the attention of the superior court today was the case of Wagner vs. Seavey on contract and was submitted to the judge, a jury having been waived.

A SULTANA INCIDENT.

Lieutenant Governor Gilbert this morning received a letter from a lady named Gregory, living in South Dakota, who states that she saw a notice of the reunion of the survivors of the Sultana disaster in a St. Paul paper, in which Mr. Gilbert's name was mentioned. She says that her father was a member of the Sixty-fifth Ohio volunteer regiment and that he was lost in the disaster. She was but four years old then and says that she never had read a correct account of the affair and asked the genial lieutenant governor to write her full particulars. Mr. Gilbert submitted the letter to Trustee Schirmeyer, who promptly mailed the inquiring lady a copy of The Sentinel of April 29, which he graciously said contained the most complete history of the calamity that had ever been published.

THEY WANT MR. HOWARD.

Several residents of the south part of the city are beginning to believe that they have been swindled by an individual who signed the name A. B. Howard to a number of receipts for small sums. The man said he was in the employ of a premium firm of the city and was soliciting subscriptions for magazines, which he sold at a greatly reduced price. The man succeeded in getting a large number of orders, and those who handed over their good money have waited in vain for any return.

PUZZLED.

Hard Work Sometimes to Raise Children.

Children's taste is oftimes more accurate in selecting the right kind of food to fit the body than that of adults. Nature works more accurately through the children.

A Brooklyn lady says, "Our little boy has long been troubled with weak digestion. We could never persuade him to take more than one taste of any kind of cereal food. He was a weak little chap and we were puzzled to know what to feed him on. One lucky day we tried Grape-Nuts. Well you never saw a child eat with such relish, and it did me good to see him. From that day on it seemed as though we could almost see him grow. He would eat Grape-Nuts for breakfast and supper and I think he would have liked the food for dinner.

The difference in his appearance is something wonderful.

My husband has never been known to fancy cereal foods of any kind, but he has become very fond of Grape-Nuts and has been much improved in health since using it."

A friend has two children who were formerly afflicted with the rickets. I was satisfied that the disease was caused by lack of proper nourishment. They showed it. So I urged her to use Grape-Nuts as an experiment and the result was almost magical. They continued the food and today both children are well and strong as any children in this city, and, of course, my friend is a firm believer in the right kind of food, for she has the evidence before her eyes every day.

When I have some task to perform about the house and don't feel very strong, a saucer of Grape-Nuts and cream stimulates me and I am able to do the task at hand with ease.

We are now a healthy family and naturally believe in "Grape-Nuts." Name given by Postum Co., Battle Creek, Mich.

Masonic Temple—This week:

Tonight, Maud Adams in "Quality Street."

Thursday night, May Irwin in "The Widow Jones."

The way to get interurban roads is to open the city to them. The way not to get them or any other enterprises which outside capital wants to promote is to keep up the fight as it has been kept up in this city for a year and a half.

A large percentage of the people have quit eating beef since the trust boosted the price sky-high. It is to be hoped the soap trust now forming will not elevate the price of soap to a prohibitive figure. Such a trust has vast possibilities for the promotion of anarchy in this country. And think of the hegira of European anarchists to a land where the use of soap has become decadent.

It is rather striking that at one time there should be three vacant desks in the national house of representatives, all made so by death. Three members have been called from earth in less than the space of one week. Congressman Amos J. Cummings, of New York, died Friday night in Washington; Congressman Otey, of Virginia, died Sunday in Lynchburg, and Congressman Salmon, of New Jersey, died today at his home in Boonton. The fact is also singular that all of these dead statesmen are democrats.

The death of Archbishop Corrigan is a severe loss to the Catholic church in America, and a loss, too, that will be felt by the whole country. He was a rigid churchman, yet a man of great breadth of view and superb scholarly attainments. One thing he will be most gratefully remembered for was his intense interest in education. The schools of his diocese were always his special concern and he brought them to a fine state of excellence. He kept fully abreast of modern educational progress and the approved things in the changing processes of public education he adopted and developed. He was a kindly, lovable man and his loss will long be keenly felt.

USE HARRISON STREET.

If the suits now pending in the courts to prevent the Southwestern interurban company from laying its tracks on Fulton street are to be fought to a finish, a solution of this problem of delay can be found in giving the company the Harrison street route. That is the route that will best serve every essential interest of the city so far as interurban roads are concerned and the route that should have been granted long ago.

Harrison street will make an ideal terminal for all interurban roads and offers advantages for that purpose that no other thoroughfare can present. It will splendidly accommodate every line that comes into the city, give the interurbans access to the depots and land all their traffic at any point that is desired in the business district. It will build up Harrison street into an important commercial thoroughfare and augment the value of every foot of property that fronts upon it. It will settle the interurban terminal question for all time and relieve the city of further anxiety concerning routes and terminals inside the city.

If Fort Wayne can pursue a more fatuous course than this policy of opposition to interurban roads, we are unable to conceive what direction it would take. The growth and prosperity of this city in future will very largely depend on the acquisition of interurban roads. If the city does not get them it will suffer. The treatment accorded the Southwestern is likely to discourage similar enterprises and as an offset to that evil we would like to see the council give its hearty approval to the use of Harrison street.

FRANK C. CHERRY IS NO MORE

DEATH OCCURRED TODAY FROM THROAT AFFECTION.

Miss Grace Elizabeth Quillilan McCarthy Succumbs to Tuberculosis - Mortuary Matters.

Frank Clifford Cherry, a well known electrical lineman, died at 10:30 o'clock this morning at the home of his parents, Mr. and Mrs. Frank M. Cherry, on East Wayne street. Death was due to consumption of the throat.

Mr. Cherry was formerly in the employ of W. A. Braun, but failing health compelled him to relinquish work some four or five months ago. He resided at 1111 Elmwood avenue, and had been able to get about until Saturday, when, after walking to the home of his parents, on East Wayne street, for a brief call, the young man was suddenly taken worse and was never able to return to his home.

Mr. Cherry was 33 years of age and leaves a widow and a little daughter. Other relatives include the parents, a brother, Charles Cherry, and a sister, Miss Bessie Cherry, stenographer at the Braun Electrical company's office. The brother, Charles Cherry, is storekeeper for the western division of the Pennsylvania company.

M'CARTHY.

Miss Grace Elizabeth Quillilan McCarthy, adopted daughter of Mr. and Mrs. Patrick McCarthy, died this morning at her home, 3 Colerick street, from consumption, at the age of 20 years.

The young lady was the daughter of Mr. and Mrs. Dennis Quillilan, who died when the child was but three years of age, and the infant was adopted by Mr. and Mrs. McCarthy, with whom she has since made her home. Surviving, in addition to the members of Mr. McCarthy's family, are two brothers and two sisters. The young lady was a devoted member of St. Patrick's church and very highly esteemed.

FUNERAL ANNOUNCEMENTS.

Brown.—The remains of Charles F. Brown will be shipped to Edgerton, Ohio, tomorrow for interment, the funeral party leaving over the Lake Shore railroad at noon.

SPIRITUAL MANIFESTATIONS.

Editor Sentinel:—At a recent spiritual seance held in their room in the Elektron, the members were completely surprised when the medium announced the presence of Col. Bob Ingersol.

He desired to make a statement. It was, that if Col. Scott did not stop delivering orations concerning him, and holding memorial services, that when Col. Scott crosses the Stygian Shade with the Ghostly ferryman, he will lay for him with a club. Veritas.

FUND NEARLY RAISED.

The soliciting committees at work upon subscriptions to the Commercial Improvement company are energetically at work and Chairman Graeter stated this morning that it was expected the entire sum would be subscribed in time to make a final report to the Commercial club at its meeting on Thursday evening.

J. B. Pellens and E. G. Anderson will leave tomorrow for Pleasant Lake on a fishing expedition.

THESE ARE THREE WORDS TO CONJURE WITH—THEY ARE CLOSELY CONNECTED WITH DR. A. W. CHASE'S NERVE PILLS, SO SAYS A FORT WAYNE CITIZEN.

Steady nerves, refreshing sleep, renewed strength—these are a trio that practically control the enjoyment of life; they are the keystone of the arch perfecting manhood and womanhood to the fullness of life.

Mrs. S. Henline, of No. 283 Webster St., Fort Wayne, Ind., says: "As a nerve tonic Dr. A. W. Chase's Nerve Pills I got at Meyer Bros. & Co.'s drug store, No. 14 Calhoun St., are fine. I was nervous, sleepless and weak. The medicine cured this, giving strength, energy, good, peaceful sleep and strong, steady nerves. I am glad to recommend it."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

C. S. BASH WANTS IT.

Commenting this morning upon the interurban situation, Charles S. Bash deplored the fight now being made to prevent the use of Fulton street by the electric line. "Here on Columbia street," said Mr. Bash, "where we are doing a wholesale business that demands an unlimited amount of trucking, there might be some reason in a protest that the line would interfere with business to some extent, and be for that reason detrimental, yet we are anxious for the line. I see absolutely no just cause for the fight now being waged, and if they will run that line down Rockhill or College streets, where I can reach it handily from my home, I will make the Southwestern company a present of $100 for doing so."

HAS BEEN POSTPONED.

The Great Spring Health Giver

Makes Sick People Well.

A Prominent Clergyman Tells How He Escaped from His Deadly Perils.

When spring comes with its gentle showers, its balmy air, its bright sunshine and bursting buds, it too often brings to our homes scenes of suffering and physical decay.

The seeds of disease which were imperceptibly germinating during the winter months, have developed and planted in the system dangers that now call for our instant care and attention. Neglect and procrastination will only deepen existing perils and lead to death.

Before the advent of spring you must have noted symptoms, perhaps of indigestion, dyspepsia, rheumatism, neuralgia, kidney disease, liver complaint, functional irregularities, or nervous disorders.

Take warning, sufferers! The symptoms you experience are signals of disease. Delay not another day; hesitation and indecision on your part may forever seal your fate. If you have already made efforts to banish your troubles by the use of other medicines and the treatment of physicians, and these have failed, we counsel you to put your full trust in that great disease banisher, Paine's Celery Compound. Its use for a week or two will convince you that you have truly commenced a new existence. Rev. W. K. Aldridge, a leading and prominent clergyman of Birmingham, Ala., says:—

"I had been afflicted for ten years with what I thought to be heart disease, but after having the physicians examine me, I learned that I was almost dead from indigestion. They told me they could give me medicine that would relieve me, but there was no permanent cure. Then I began using Paine's Celery Compound which gave me immediate relief, and I am now well and enjoying good health. I can recommend Paine's Celery Compound to be the best medicine for all ailments; if people will use the Compound freely, they will have no doctors' bills to pay."

Diamond Dyes are the simplest dyes made. A child can use them.

KNITTERS STRIKE

OBJECT TO REDUCTION IN PRICE OF PIECE WORK.

FIVE MEN REFUSE TO WORK

OTHERS BACK THEM AND THE FACTORY IS CLOSED.

WATCHMEN SHIFTED ABOUT

ONE RESIGNATION FOLLOWED BY SEVERAL PROMOTIONS.

As a result of a reduction of one cent per dozen in the price paid knitters of fine hosiery at the Wayne Knitting mills, five men refused to go to work yesterday, when the factory resumed operations after a shut down for the purpose of taking the semi-annual inventory. Later in the day the other knitters, about 100 in number, notified Manager J. F. Thieme that unless the price for fine goods was restored to the original figure they, too, would go out on a strike last evening. Thereupon Mr. Thieme issued instructions to close the works for a day or two longer, or until the work of taking the inventory has been completed. What will transpire then is mere conjecture. The knitters, who are thoroughly organized into a union, held a meeting today and it is understood that they will persist in their demand for a restoration of wages. The former price for making fine hosiery was 10½ to 13 cents per dozen. Each knitter has three assistants and if the men refuse to work, the girls will be compelled to lay idle also, which means that about 400 people will be out of employment. There is, it is understood, no dissatisfaction over the wage scale in other departments, but unless the knitters work, there can be no work for the others in a few days. There are over 600 people employed at the works.

CHANGES AT WATCH HOUSES.

Captain H. Stoll, of the Pennsylvania police department, announces several changes in his force, chiefly among the crossing watchmen. Valentine Balzer, watchman at Hanna street, has resigned; L. D. Bortner has been transferred from Broadway to Hanna street; W. C. Hannan has been transferred from Fairfield avenue to Broadway, and Joseph W. McKinzie has been transferred from the freight house to Captain Stoll's department and made watchman at Fairfield avenue. Arthur D. Rogers has been employed as a patrolman. He came from Ohio.

ATHLETES MEET TONIGHT.

President H. T. Hogan, of the Pennsylvania Employes' Athletic association, has called a meeting of the executive board for 7:30 o'clock this evening, the same to be held in his office at the Pittsburg machine shop. The meeting will be an important one, inasmuch as all the committees for the annual field day are to be named.

GEORGE GOULD BACKS PROJECT.

George Gould has written a letter to Mayor Hayes, of Baltimore, placing himself fairly behind the Fuller syndicate in its negotiations for the Western Maryland road. He not only pledges his own faith, but that of the Wabash, the Wheeling and Lake Erie and the West Virginia Central companies. It is believed the second branch of the Baltimore

NO REASON FOR IT.

WHEN FORT WAYNE CITIZEN SHOWS THE WAY.

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of diabetes or any kidney ills, when relief is so near at hand and the most positive proof given that they can be cured. Read what a Fort Wayne citizen says:

Miss Harriet Walters, of 104 East Wayne street, says: "I suffered greatly from pains across the small of my back and from dizziness, but as soon as I began taking Doan's Kidney Pills, sold at Meyer Bros. & Co.'s drug store, I felt better. I only took one box, but I can truthfully say that I was in better health when I finished it than I had been before in a long time, and my kidneys ceased troubling me."

For sale by all dealers, price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

A BREATHING SPELL.

If the consumptive could only keep from getting worse it would be some encouragement.

Scott's Emulsion at least gives tired nature a breathing spell. The nourishment and strength obtained from Scott's Emulsion are a great relief to the exhausted system.

This treatment alone often enables the consumptive to gather force enough to throw off the disease altogether.

city council will pass favorably upon the bid of the Wabash, as has the first branch of the council, at the meeting tonight. In explanation of his object in writing the letter to Mayor Hayes, Mr. Gould says: "I communicate with you in this way not for the purpose of influencing the decision of the city of Baltimore in the sale of its interests, but in order that its decision shall not have been reached under misapprehension of facts or purposes."

CALLING ON OLD FRIENDS.

A. E. Thatcher of the Detroit division of the Wabash, was in the city for a few hours this morning calling upon his old friends. Mr. Thatcher has been running an engine on the Wabash for many years and a portion of the time ran through this city. He was also foreman of the Butler shops of the company, when the lease of the Eel River line was in force. He is now running an engine on the Detroit division.

TWO ACCIDENTS AT SHOPS.

Charles Paul, an apprentice at the Wabash machine shop, was knocked unconscious by a blow upon the head from an iron bar last night while he was working about an engine. The blow cut a gash above the left eye, but fortunately the skull was not injured. Charles Nickel, a boilermaker at the same shop, had the flesh of the index finger of his left hand badly cut by a block and tackle falling upon his hand. The wound will lay the man up for a few days at least.

STARTED UP AN INTERLOCKER.

This morning George Hill, superintendent of interlocking stations on the western division of the Pennsylvania, went to Bourbon to put in operation the interlocking plant at the end of the "running track." The apparatus for this plant was installed some weeks ago, as mentioned in The Sentinel.

JAP EDSALL CELEBRATES.

Jasper Edsall, of the Fort Wayne Electric works, celebrated the fifty-eighth anniversary of his birth in a manner that indelibly stamped that anniversary upon his memory as one of the most pleasant events of his life. In the celebration Mr. Edsall was assisted by his shopmates, his old army comrades and members of their families and the members of his own family and when all had assembled, the Edsall home, at Buchanan and Oliver streets, was filled to its capacity by the jolliest crowd that ever gathered upon a like mission. Mrs. Edsall had not been idle during the day and at the proper time she sat before her guests a delicious luncheon. Mr. Edsall was presented with a beautiful ring, emblematic of the Grand Army of the Republic, the presentation being made by Comrade T. A. Pattee. The recipient responded feelingly, assuring his friends that he would always preserve the jewel as a memento of those for whom he entertained a high regard. It is stimated that fully sixty people were in attendance at the celebration.

BLISS SYSTEM ALL RIGHT.

Electrician A. C. Davis, of the Pennsylvania, is on the Vandalia line making experiments with the Bliss car lighting device, similar to those now in progress on the Fort Wayne road. It is the opinion of electricians that the Bliss system is a great success, though a Sentinel reporter failed to get a comparative statement as to its merits and those of the other systems now in use. "The Bliss system is all right," but he would go no farther.

TOO FAST FOR THE ACTOR.

Richard Mansfield, the actor, who played in Indianapolis last week, engaged a fast special train on the Lake Erie and Western road to carry him and his party from the Hoosier capital to Laporte, a distance of 147 miles. The officials fixed the train schedule at three hours and forty-five minutes and when Engineer Charles Fults climbed into the cab it was with instructions to run up to this schedule. There were five cars in the train, with Mr. Mansfield's private car at the rear, and when it got in full motion his car was whipped over the "hoptoe" and around the scores of short curves like the tail of a kite in a cyclone. The only comfortable position in Mr. Mansfield's car was lying on the floor, with arms and legs extended to keep from rolling over. Mr. Mansfield was somewhat frightened when he called Conductor Smith to his car and ordered him to reduce the speed of the train. The train left Indianapolis at 9:30 a. m. and reached Laporte at 2:07 p. m., making the run in four hours and thirty-seven minutes. In the early portion of the journey many miles were reeled off at the rate of one a minute.

GONE TO ALTOONA.

Foreman George A. Sink, of the Pittsburg blacksmith shop, and Foreman T. J. Rockenbaugh, of the paint shop, left last night for Altoona on business for the company. During their absence George Graham will have charge of the paint department and L. E. Rehling will have charge of the blacksmith shop.

SHIPPING AN ENGINE.

A cross-compound condensing engine, with cylinders 14 and 26 by 42 inches, was loaded at the Bass Foundry and Machine works this morning for shipment to Lowell, Mass., where it will be set up in the works of the Lowell Fertilizer company. A machinist will follow the engine in a few days to set it up.

NEW CAR WORK.

The east car shops will this evening complete an order for six cabin cars and take up two other orders calling for the same kind of cars. One order is for six and the other for eight cars. Freight car building and repair work is progressing nicely, and there is plenty of it on hand.

Foreman Joseph Slater, of the Bass blacksmith shop, has given employment to E. C. Keefe and J. Wiegand. The former resigned a position at the Pittsburg boiler shop for the purpose of taking employment at the Bass works.

The Nickel Plate has secured a new trial in the damage case of W. L. Willing, who got judgment for $800 against the company in the Huron county courts some time ago. The new trial was granted on the grounds of error in the former trial.

Dr PRICE'S CREAM BAKING POWDER

For a third of a century American housewives have found Dr. Price's Baking Powder invariably a guarantee of pure, delicious and wholesome food.

Always makes the perfect biscuit, cake and bread.

PRICE BAKING POWDER CO., CHICAGO.

NOTE.—Baking powders made from alum and other hurtful, caustic acids are lower in price, but inferior in work and injurious to the stomach.

The Toledo and Ohio Central is introducing on its lines a new system of train signalling. All crews are to be provided with metal discs red on one side and white, with a black spot in the center, on the other. The discs have short handles attached and are to be used by the men in giving signals to the enginemen. The length of freight trains makes it difficult to see a signal given from the rear of the train and it is thought the use of these appliances will lessen the difficulty. Cloth flags or "markes" will also be discarded and metal ones substituted for use on cabooses.

No lady can do without powder, but buy the best. It is Satin-Skin Powder. Flesh, white or brunet tints. 25c. At Rurode's. d

AN AWFUL MISTAKE.

If the report was circulating, as stated in last night's paper, that I was using a certain ice cream, it certainly was an awful mistake. I desire to state that we use only the best of everything in our fountain. Our Cream is made by people who are independent enough to not let the trust control them and they are also independent enough to use only the best and purest cream, and not the condensed or embalmed cream so often found in ice cream. I admit that our ice is artificial, but I find it much better, cleaner and more lasting than the natural. You will recall that summer before last the same druggists that are now fighting me agreed to charge 5c for ice cream soda, claiming that they could not sell it for 5c. The confectioners broke up that deal. If they are losing money on their 5c soda, certainly I cannot make much on the superior Soda we sell; so, if it is true that they do not make anything on theirs, why don't they let me alone and let me lose my money. If the combination succeeds in driving me out of business, I venture to say that the price of drugs will join the price of meat, an example of trusts' influence.

THE TERRORS OF DYSPEPSIA

Nothing Easier to Dispose of, Once the Secret is Out.

The terrors of dyspepsia—it's unnecessary to describe them. Nine men out of ten are intimately acquainted with them, and are only too thankful when they don't have to think of them all of the time. Someone has described dyspepsia as a disease that dogs its victim through life with fiendish malignity, playing with him as a cat does a mouse, but never making an end of him. It tortures without killing him. But not always—it won't do to be sure of even that much. Those who have strong constitutions can bear up for a time under the wearing tortures of nervous dyspepsia, but dyspepsia gradually brings on catarrh, catarrh brings on consumption, and consumption is merely another term for that grim destroyer, death. It does not pay to trifle with dyspepsia—it don't pay to deceive yourself with a false feeling of security. Peptorene, the Health Tablet, is for ailing stomachs. It cures dyspepsia, and brings tonic relief to the poor, jaded nerves of the stomach, gives new life to the dormant tissues of the liver, and relieves the bowels of its congested load of poison. It acts as a combined tonic and a natural aid to digestion. If you want a medicine that will give quick relief to even an advanced case of dyspepsia call for a box of Peptorene.

CERO-FRUTO

"An All-Day Food"

Wheat and Pure Fruit Combined

Until within a few years very little attention was given to specially prepared foods of high nutritive values, their use being confined except for invalids and confirmed dyspeptics. But a change, a great change, has taken place. The present great consumption of prepared, cooked and highly nutritious foods is abundant evidence that the public is educated up to the importance of the food question.

CERO-FRUTO contains the greatest amount of nutrition of any of the popular prepared foods. Its value as a food equals 100 per cent. It heads the list. The first step in the process of digestion is taken in its preparation, relieving the digestive apparatus from unnecessary labor in the performance of its proper function.

CERO-FRUTO is a pre-digested food. The starchy element is advanced in the preliminary stage and is converted into sugar. This process renders the assimilation easy and prompt, preventing undue fermentation, heart-burn, flatulency and other grave disorders. Each flake of the CERO-FRUTO represents the entire wheat grain, which includes the rich phosphatic elements necessary for maintaining the proper condition of blood, brain bone and muscle. The fruity portion of CERO-FRUTO possesses nervous—fruit sugar—the most perfect sugar in state of complete digestion.

This combination of the grain and fruit makes CERO-FRUTO one of the most wholesome of the foods. Sold by all grocers.

BRAIN FOOD.

Not long since there was a great run on the fish markets because it was announced that fish was food for the brain. Of course the fallacy of the fad was soon exploded. Normally the food we eat nourishes brain, nerves, muscle, bones, etc., each part of the body assimilating phosphorous salts, lime, according to its need. When the brain begins to show weakness or the nerves become sensitive it is a sign that there is a loss of the nutrition contained in the food eaten, and this loss is in general due to disease of the stomach and its allied organs.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food, which is the source of the strength of both brain and body.

"I was troubled with very frequent headaches," writes Miss Belle Summerton, of San Diego, Duval Co., Texas. "Often accompanied by severe vomiting; bowels were irregular and my stomach and liver seemed continually out of order. Often I could eat almost nothing, and sometimes absolutely nothing for twenty-four hours at a time. I was entirely unfit for work, and my whole system seemed so run-down that I feared a severe sick spell and was very much discouraged. I was advised to try Dr. Pierce's Golden Medical Discovery and did so with most satisfactory results that before finishing the third bottle I felt perfectly able to undertake duties attending public school life."

Dr. Pierce's Common Sense Medical Adviser in paper covers is sent *free*, on receipt of 21 one-cent stamps to pay expense of mailing *only*. Address Dr. R. V. Pierce, Buffalo, N. Y.

YIELDS TO DEATH

ARCHBISHOP CORRIGAN DIES IN NEW YORK.

HIS DEATH WAS UNEXPECTED

THE DANGER WAS THOUGHT TO HAVE PASSED.

SPLENDID CAREER CLOSED

SKETCH OF THE LIFE OF THE FAMOUS CHURCHMAN.

New York, May 6.—Archbishop Corrigan, head of the Roman Catholic diocese, died last night at 11:30 o'clock, after an illness which lasted several days. Pneumonia was the indirect cause of death. The disease had been overcome, but Archbishop Corrigan was so weakened by its ravages that a rally was impossible and death ensued.

The disappearance of the pneumonia led to strong hopes of his recovery and yesterday a cablegram was received from the pope congratulating Archbishop Corrigan on getting past the stages of pneumonia and wishing for his speedy recovery.

The exact hour at which Archbishop Corrigan's heart ceased to beat was given officially as 11:05 p. m. His death was as peaceful as his life. His closing hours were pleasant.

For the first time in several days he was able to see visitors in his chamber last evening. His brothers, Father George Corrigan, of Newark, and Dr. Joseph Corrigan, a physician of Gate City, Fla., who have been staying in the archepiscopal residence since the first attack of illness, were admitted to his bedside last night. Dr. Corrigan brought his young son with him. The archbishop talked with them quite cheerfully.

Up to 10:30 o'clock there was no evidence of collapse; in fact, the archbishop at 10:40 talked with his secretary. About 11 o'clock, however, the trained nurses who had charge at the bedside noticed a change. Acting on instructions the physicians were telephoned for.

At the same time the archbishop's two brothers were summoned to the room, as well as a number of priests. It was quickly seen by the physicians that the end was at hand, and in less than a quarter of an hour his grace was dead. His last moments were peaceful and without evidence of suffering.

THE BODY EMBALMED.

The body of Archbishop Corrigan was embalmed early today, and then was placed in a large room on the second floor of the archiepiscopal residence, there to remain until this evening, when it will be placed in St. Patrick's cathedral. The body will be robed in the vestments of the archbishop's office. The head will be crowned with a mitre, and in the left hand will be a chalice. Beside the body will be a pastoral staff.

At the masses in the churches of the city today the death of the archbishop was announced.

There were many touching expressions of sorrow. The congregations were asked to pray for the repose of the soul of the dead prelate.

Bishop Ignatius De Oca, of San Luis Potosi, Mexico, attended one of the masses of the cathedral. He had been a friend of the archbishop for thirty-two years and had arrived here only yesterday on his way to Europe.

FUNERAL SET FOR FRIDAY.

The time set for the funeral is 10 o'clock Friday morning.

From this evening until that hour the body will lie in state in the Cathedral. After the funeral services, the casket will be placed in the crypt of the Cathedral under the high altar, beside the coffin containing the remains of Cardinal McCloskey.

Mgr. Joseph F. Mooney, vicar general, said today: "I will take charge of the affairs of the archdiocese until some one is appointed to fill Archbishop Corrigan's place. Very likely it will be a man of the archdiocese."

Mgr. Mooney said that Cardinal Martinelli had been asked to officiate at the requiem mass.

SKETCH OF HIS LIFE.

Michael Augustine Corrigan, successor of Cardinal McCloskey as head of the great archdiocese of New York, was the youngest wearer of the purple when he was consecrated bishop of Newark in 1873. He was born in that city sixty-two years ago. At the wish of his mother he was sent to St. Mary's college at Wilmington, Del., then conducted by Vicar General Reilly. From there he went to St. Mary's college at Emmettsburg, Md., and at once took a leading place in his classes.

He was graduated in 1859 and soon after sailed for Europe with the intention of entering the North American college at Rome to study for the priesthood. He was one of the twelve students who entered when the college was opened.

His progress was so rapid that as soon as the doors were thrown open he won a number of medals in competition, free to the students of the propaganda and the Irish and Greek colleges.

He was ordained by Cardinal Patrizi in the Lateran Basilica on September 19, 1863, a year before the close of his theological studies. In 1864 the degree of doctor of divinity was conferred upon him. When he returned to the United States a few months later Archbishop James Roosevelt Bayley, then bishop of Newark, appointed him professor of dogmatic theology and sacred scripture at Seton Hall college.

Soon after he was made vice president of the college, and in 1868 he succeeded Bishop McQuaid as president. In March, 1873, he was made bishop of Newark upon the recommendation of Bishop Bayley, who had been made archbishop and transferred to the see of Baltimore.

In September, 1880, Pope Leo elevated Bishop Corrigan to the office of coadjutor archbishop of the archdiocese of New York, with the right of succession in the archiepiscopate to Cardinal McCloskey. Upon the death of the latter prelate, in 1885, Dr. Corrigan was installed archbishop.

DISPUTE WITH M'GLYNN.

The most stirring events in his career have had to do with the campaign he instituted against the Anti-Poverty society, in which the late Dr. McGlynn, then pastor of St. Stephen's, in East Twenty-eighth street, was a conspicuous figure. Dr. McGlynn was finally deprived of his priestly functions and Rev. Dr. Richard Lalor Burtsell, who acted as his ecclesiastical attorney, was sent to Kingston. The agitation, while it lasted, was acute and the vast parish of St. Stephen's was disrupted. But Dr. McGlynn acknowledged his faults in the end and was restored to the priesthood.

Dr. Corrigan was accounted one of the most learned prelates of the church in this country. Under his administration the diocese has grown tremendously in influence and importance.

The most prominent ecclesiastic in the line of succession to Archbishop Corrigan is Bishop McDonnell, of the Long Island diocese. He is now in Rome with a delegation of clergymen on his third annual pilgrimage to the holy see. Two years ago there was a movement by the clergy to make him coadjutor to the archbishop, whose protege he is, but he opposed it.

POPE MUCH DISTRESSED.

Rome, May 6.—The pope was greatly distressed when informed of the death of Archbishop Corrigan, of New York. His holiness had been a constant inquirer for news throughout the archbishop's illness, sending daily to the American college for information regarding the sick prelate's condition.

KITCHENER'S REPORT.

London, May 6.—Lord Kitchener's weekly report, dated from Pretoria, yesterday, shows that the peace movement is not allowed to interfere with military operations, except so far as to permit of unrestrained meetings between the leaders and their various commandoes. The week's Boer casualties were ten men killed and 122 made prisoners. Gen. Bruce Hamilton's columns captured eighty-seven men on the Heilbron, Orange River colony, line. Colonel Colenbrandor has resumed operations in the northern part of the Transvaal against Commandant Beyers, whose forces have been considerably reduced, and Gen. Ian Hamilton has cleared a large area west of Klerksdorp, southwestern Transvaal.

DON'T START WRONG.

Don't start the summer with a lingering cough or cold. We all know what a "summer cold" is. It's the hardest kind to cure. Often it "hangs on" through the entire season. Take it in hand right now. A few doses of One Minute Cough Cure will set you right. Sure cure for coughs, colds, croup, grip, bronchitis, all throat and lung troubles. Absolutely safe. Acts at once. Children like it. "One Minute Cough Cure is the best cough medicine I ever used," says J. H. Bowles, Groveton, N. H. "I never found anything else that acted so safely and quickly." Meyer Bros. & Co.

Negotiations are going on with a view to the formation of a London omnibus combination which will practically control the omnibus traffic of the metropolis.

WHAT IS FOLEY'S KIDNEY CURE?

Answer: It is made from a prescription of a leading Chicago physician, and one of the most eminent in the country. The ingredients are the purest that money can buy, and are scientifically combined to get their utmost value. Sold by Dreier & Bro. and Pellens & Polster.

PORTUGAL IN FERMENT.

London, May 6.—A dispatch to a news agency from Madrid says that advices received there from Portugal indicate there is danger of an actual revolution in that country. Considerable apprehension is felt in official quarters as to the attitude of the Portuguese troops. The Sixth infantry, stationed at Oporto, has been disarmed and disbanded for fear the soldiers would join the rioters. The military and naval officers are advocating that King Charles establish a dictatorship.

FLEEING MOROS SHOT DOWN

WAR PRISONERS MAKE DASH FOR LIBERTY.

Couple of Scores Killed by Soldiers—Light is Thrown on Plans of Aguinaldo.

Manila, May 6.—Eighty-four Moro prisoners, under guard, made an attempt to escape yesterday. At a preconcerted signal they got between the soldiers forming the guard and a company at dinner. The latter, realizing what had happened, fired on and pursued the Moros, killing thirty-five of them and capturing nine. The other fugitives escaped.

The one chance of saving the life of Captain Moore, of the Twenty-seventh infantry, who was wounded during the recent fighting with the Moros in the Island of Mindanao, is by trepanning a portion of his skull resting on the brain. The body of Lieut. Thomas A. Vicars, of the Twenty-first infantry, has been temporarily buried at Malabang. Hopes are still entertained of saving the lives of the other wounded American officers.

A soldier has died of cholera on board the United States transport Warren, in quarantine here. Her crew and passengers have been landed by the United States steamer Merivels. The Warren will be fumigated and undergo another five days in quarantine.

PROOF AGAINST AGUINALDO.

Washington, May 6.—The war department has made public the telegraphic correspondence that took place between Aguinaldo and his insurgent generals on Jan. 13, 1899, to support the administration's contention that Aguinaldo at that date contemplated an attack on the United States troops at Manila. The publication takes the form of a photographic copy of two telegrams duly certified as being in the hands of the persons who signed them by Captain E. H. Van Deman, Twenty-first infantry. Translated, these dispatches read as follows:

From General Noriel and Colonel Cailles:

"To the President of the Republican Government, Malalos: We desire to know the result of ultimatum which you mention in your telegram, and we also desire to know what reward our government is preparing for the forces who will first be able to enter Manila."

Reply to above in Aguinaldo's handwriting:

"As to the contents of your telegram, those who prove themselves heroes will have as rewards large sums of money, lands, extraordinary promotions, crosses of Biach-Na-Bato, Marquis of Malate, Ermita and Count of Manila, etc., besides the congratulations of our idolizing country, on account of their patriotism, and more if they capture the regiments, with their generals, and if possible the chief of them all, who represents our future enemies in Manila, which (lot) falls to you, or, better said, to General Noriel and Colonel Cailles.

"The ultimatum has not been sent, but will be within a few days.

COULD NO LONGER BE GOOD

JAKE HENNINGER REPEATS A FAMILIAR STUNT.

Fined in Police Court for Exploiting a Jag—General News of the Police Realm.

Jake Henninger, also known as Helliger, relieved what would otherwise have been a monotony at police court this morning. Since Detective Coling pumped an ounce or so of lead into Jake about a year ago he has been pretty good; at least good enough to keep out of the clutches of the police. Last evening, however, he felt the old feeling again and started in to make trouble. When the attention of Officer Smith was attracted to him Jake was standing in front of the saloon on the corner of Madison and Monroe streets, with a beer mug in each hand, with which he proclaimed he intended to work dire disaster to anyone who came near him. Originally he wanted to clean out the saloon. Smith approached him and was warned in a friendly manner to keep away, but the officer was not dealing in warnings just then and went right at him. Jake side-stepped and clinched, preventing the officer from getting his club. Then Smith resorted to prize ring tactics and without the use of a club or other artificial weapon soon had Hellinger laid out. He proved game, though, and had to be knocked down the third time before he consented to be good. He was locked up and this morning was fined $11 and in addition was given a jail sentence of ten days.

William J. Shondell's case was called again this morning and asked for a continuance for two weeks. His attending physician, Dr. Leslie, was questioned and said that while Shondell was not in bad condition, it would be uncomfortable to move him now, but that a week at the outside would see him on Easy street. The case was accordingly continued until next Tuesday morning.

Grover Watson, the Bucyrus runaway arrested several days ago, was released this morning and told to go home. His two companions were sent away yesterday, but they had been furnished tickets by their parents and rode out of town in varnished cars.

A man named Mossbamer, living at the corner of Melita and Hoagland, moved yesterday to new quarters on Chicago street. After all the furniture was transferred Mrs. Mossbamer refused to go and an officer was called. He found Mrs. M. so drunk that it would have been quite a feat for her to go anywhere. She agreed to go, however, as soon as she got sober, provided she was not arrested, and a compromise was effected. The family consists of the man and wife and eight children, according to the officer's report.

Superintendent Gorsline left today for Louisville to attend the convention of the international association of chiefs and superintendents of police.

Officer Cheviron last evening found two boxes of jewelry in the rear of Sievert's establishment on Calhoun street, where they had been overlooked when the store was closed last evening. The officer stored the goods in a safe place and notified the proprietor.

A lady named Biederman, living at Kendallville, reported to the department that she had lost a gold chatelaine watch bearing the initials "A. T." last evening. A reward is offered.

Officer Strodel was off duty last night on account of sickness.

Romy Beaver, a driver for the Pape Furniture company, run over a bicycle ridden by Carlie Miller while turning into the alley at the rear of the store. The wheel was demolished, but the boy was fortunately uninjured. Young Miller was riding on the wrong side of the alley when the accident occurred.

Within an hour after police court adjourned this morning the patrol wagon made three runs in rapid succession, resulting in the stabling of three gorgeous drunks. One was picked up at the corner of Lafayette and Lewis, another at Columbia and Barr and the third at Main and Calhoun.

A LESSON IN HEALTH.

Military spectators present at the review of the Argentine army are reported to have stated that the evolutions and appearance of the troops were worthy of the best organized armies of Europe.

Mrs. May Webb, President Woman's Kaffe-klatch Club, Menasha, Wis., is Advised by Her Doctor to take Lydia E. Pinkham's Vegetable Compound for Inflammation of the Womb, and is Cured. She says:

"DEAR MRS. PINKHAM:—How little we appreciate health until it has left us; then it appears as the most precious gift to mankind. I enjoyed good health until four years ago when I caught a severe cold at the menstrual period. I thought little of it at that time, but when nine weeks after I found it had settled into inflammation of the womb, I wished I had been more careful. I suffered agonies for months; lost my happy disposition, and nothing seemed worth having if I could not have my health. My good old doctor, after prescribing several worthless remedies, was good enough to say 'Try **Lydia E. Pinkham's Vegetable Compound**, several of my patients have been cured through its use.' I did so; I had great expectations, and it did not disappoint me. Before the first bottle was used I felt relief; I took it faithfully for nine weeks, and that blessed Compound surely cured me. It seemed to build up all the weak parts, allayed the inflammation, and brought blessed health back to me. I know how to appreciate it, and I know also that it was due to Lydia E. Pinkham's Vegetable Compound only."—MRS. MARY WEBB, Menasha, Wis.

Indianapolis, Ind., May 6.—Dr. S. C. Dickey, secretary of the Chautauqua alliance, who is booking Ellen M. Stone, the ransomed missionary, has announced her list of western summer engagements. She opens at Waterloo, Ia., June 27, and is at Carthage, Mo., July 1. Her longest engagement during the summer will be three days before the Teachers' national convention in Minneapolis, July 8, 9 and 10. She will be at the Winona assembly, Winona Lake, Ind., two days. In July she will also be at Ottawa, Kan., 11; Galesburg, 13; Des Moines, 14; Franklin, O., 29; Delavan, Wis., 30; Monona, Wis., 31. She will open August at Marinette, Wis., Aug. 1, and will be at Dixon, Ill., Aug. 3; Winona Lake, 4 and 5; Benton Harbor, 6; Bay View, 7; Owensboro, Ky., 10; Petersburg, Ill., 12; Shelbyville, Ill., 14; Kankakee, 16; Urbana, 17, and Maysville, Mo., Aug. 18.

The Winona assembly program was announced today. The season will open June 30 with the National Young People's Bible conference, under direction of John Willis Baer, of Boston, international secretary of the Christian Endeavor. The summer school and Chautauqua program will open July 7. Among the Chautauqua features are several underlined attractions, including Miss Stone, Senator Marcus Hanna, Bishop John L. Vincent, of Switzerland, General Fitzhugh Lee, Richmond Pearson Hobson, Major James B. Pond, Frank T. Bullen, of London, the great English author, and George Jackson, of Edinburgh, Scotland. The national Bible conference under the direction of Dr. J. Wilbur Chapman, of New York, opens Aug. 17. A dozen of Europe's most noted Bible students and the Rev. Dr. Alexander Murray, of South Africa, will be present. A Bible institute and school of Sabbath school pedagogy has been established and will open July 7.

MANY DEATHS.

(Bluffton News.)

An Ossian gentleman who was in town yesterday reported that an epidemic, so to speak, of pneumonia exists in the northern part of Union township between Zanesville and Five Points near the Allen county line. Physicians are divided in their opinions as to the nature of the disease and it has been variously termed pneumonia, typhoid pneumonia, etc. Whatever the malady it has proven fatal in many cases and nearly a dozen deaths are reported. The informant of the News stated that there was a funeral every day last week at the Prospect church, west of Ossian, and that on one day there were two funerals from the church.

COMMERCIAL CLUB'S TRIBUTE.

President Culbertson, of the Commercial club, appointed a special committee composed of C. R. Lane, E. M. Wilson, A. Mergentheim, J. Ross McCulloch and E. W. Cook to formulate a suitable tribute to the late William Paul, jr. The committee has reported as follows:

"To the Members of the Commercial Club: Your special committee appointed by President Culbertson to voice a tribute of respect and friendship in memory of William Paul, jr., who has passed from earth to immortality, beg leave to report:

"The Fort Wayne Commercial club is impressed with a deep sense of sorrow and a keen sympathy in adding to its record of departed members the name of William Paul, jr.—sorrow at its own loss of one of its original and ever devoted members and sympathy with the wife and children, the family and the business community of Fort Wayne. It never happens with a good man that the silver cord is loosed and the golden bowl is broken without a jar and a shock both mental and physical, even when that man has reached the allotted score of years, but when death severs the cord and crushes the bowl of life in the prime of young, active and honorable manhood the mystery deepens and we are more prone to wonder at the ways of Divine Providence. But whether death ended a rounded life or one in the full vigor of a prosperous course, we can find comfort in the treasures of memory and feel grateful that life was spared us so long. The memory of William Paul, jr., will be that of a man whose reputation for business honor, domestic devotion, uplifting ideals and public spirit was founded upon substantial character. Words but poorly express our regret and sorrow at his loss. We desire the records of the club to show our appreciation of the man and the member, extending at the same time our sympathy with those nearest and dearest to him. We therefore recommend that this memorial be spread of record and a copy be furnished the stricken family."

TRAVELING IS DANGEROUS.

Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very much suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. Geo. H. Hauan, locomotive engineer, Lima, O., writes: "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure." It is often asked how such startling cures, that puzzle the best physicians, are effected by Dr. King's New Discovery for Consumption. Here's the secret. It cuts out the phlegm and germ-infected mucus, and lets the life-giving oxygen enrich and vitalize the blood. It heals the inflamed, cough-worn throat and lungs. Trial bottles free at Dreier & Bro.

Eight hundred Greek emigrants who were to sail for America on the steamship Gascogne refused to go on board the vessel at Havre, as they were afraid that it had been chartered by English and that they were to be sent to fight in the Transvaal. The Greek consul had to intervene to pursuade them to embark.

LIKE A DROWNING MAN.

"Five years ago a disease the doctors called dyspepsia took such hold of me that I could scarcely go," writes Geo. S. Marsh, well known attorney of Nocona, Tex. "I took quantities of pepsin and other medicines, but nothing helped me. As a drowning man grabs at a straw, I grabbed at Kodol. I felt an improvement at once and after a few bottles am sound and well." Kodol is the only preparation which exactly reproduces the natural digestive juices and consequently is the only one which digests any good food and cures any form of stomach trouble. HOLDS UP A CONGRESSMAN.

"At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all-around medicine ever sold over a druggist's counter." Over worked, run-down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by Dreier & Bro.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

OLD MAIL ROUTE ANNULLED.

After May 14 the old mail route between Fort Wayne and Maysville, which has been carried by hack for the past sixty years, will be no more. Orders have been received from Washington annulling the star route, and after that date all mail for Harlan will be sent over the new Wabash line to Grabill, a new station two and one-half miles west of Maysville, from whence it will be taken to the town by special carrier. The old mail route was established in 1840 from Fort Wayne to Hicksville and Defiance, O., and George Phillips was for many years the stage and mail agent between the above points. The old hack is yet in existence at Maysville, and occasionally does service in campaign processions. The town of Maysville was named in honor of Israel May, the father of Chester May, now a resident of Springfield township.

STAND BEHIND IT.

Proprietors of Blood Wine Make A Guarantee.

Local Interest Causes Louis Dandelin Co. to Write to One of Our Citizens.

At the request of the Louis Dandelin Co., of Worcester, Mass., we publish the following correspondence between them and a gentleman of the city whose name is withheld at the suggestion of the Dandelin people. We would recommend our readers giving the matter some consideration, as careful investigation seems to prove that all the claims made are true.

Louis Dandelin Co.,
Worcester, Mass.

Gentlemen:
I have read very attentively the articles that have appeared here and elsewhere regarding "Blood Wine," and am much interested. I believe if it will do all that is claimed for it that we could use it to advantage here in public institutions. I am given authority to act in this matter, and will ask you to please advise me at your convenience if you stand behind your claims and can make any sort of a guarantee as to efficacy and your testimonials.
Yours truly,

To this letter the makers of "Blood Wine" replied as follows:

Dear Sir:
We are in receipt of your valued favor and in reply will say that "Blood Wine" is all that we say it is. A scientific compound made under the formula and direction of Mr. Louis Dandelin of Paris, France, and contains no wine or opiates. We also truthfully state that it is without exception the most active blood remedy now to be had. It's effect upon the blood is surprising and through this agency many diseases are cured. Catarrh, Pulmonary Diseases, Rheumatism, Kidney Troubles, Indigestion and derangements of the stomach and bowels will invariably succumb to "Blood Wine." "Blood Wine" seemed to do away with fatigue, sleeplessness, failing appetites and the many little ills in the lives of nearly every one. Persons should not buy "Blood Wine" expecting to be cured when they are on the brink of the grave, for nothing was ever made to perform such wonders. Now we will add that we guarantee "Blood Wine" to do all we claim for it, and refer any one to our literature for a complete explanation of what it will do. We will gladly present some charitable institution with $500.00—upon proof that we use any other than thoroughly genuine and authorized testimonials. Awaiting your further favors, we are, Yours very truly,
Louis Dandelin Co.
Worcester, Mass.

P.S. We send a copy of this letter to the druggists representing us in your city, and hope same is agreeable to you.

Unlike everything else in the line of proprietary articles, this medicine is on sale at all druggists, and they are authorized to give a free sample to any one.

"Blood Wine" costs fifty cents a bottle, but you can sample it free of charge at Pellens & Polster, Druggists.

TOWN RAVAGED BY FLAMES

NEW MILFORD, CONN., SUFFERS TREMENDOUS LOSS.

Business Section Swept by Fire and Few Stores Are Left—Loss Is $700,000.

Danbury, Conn., May 6.—Between $500,000 and $600,000 is the latest estimate of the loss by the fire which destroyed the business section of New Milford, sixteen miles north of here last night. Nearly fifty buildings, including most of the stores in the place, two banks and three hotels were burned.

The fire was under control at 4 o'clock this morning, but is still burning in many places—the New Milford National bank, the last building to take fire, was in ruins at daybreak.

The fire started about 8:30 o'clock in the stables of the New Milford house. The cause is unknown. In ten minutes the stables, the hotel and several small outbuildings were in flames and the railroad station opposite was in grave danger.

The village fire department, which consists only of a hose company and a hook and ladder apparatus, was unable to cope with the flames which spread quickly to the Mygatt block. The office of the Southern New England Telephone Co. is in that building and the operator, Miss Bessie Bartram, remained at the switchboard until the flames drove her from the building. From the Mygatt building the fire spread west along Bank street, the principal business thoroughfare of the village, and leaped from building to building until checked. Twenty different buildings were on fire at one time. The people of the village feared that the entire place would be burned and many moved their household goods to the large green in the center of the town.

This city was appealed to for assistance and an engine was sent at 10.30. Upon its arrival at New Milford thirty minutes later it was dragged from the car and through the streets by many men, without waiting for horses.

At that time the fire had spread from one end of Bank street to the other. Every building on it but one was in flames and the New England hotel, on Main street, the village's largest hostelry, was afire. A number of handsome residences which faced the green on Main street were in imminent danger, but were saved as were the Gazette building and several large establishments at the north end of Railroad avenue. The streams from the fire engine cut the fire off at both of these points after two hours work. The fire spread to the post office and the Y. M. C. A. building on Main street, both of which were destroyed.

MYSTERY IN SUDDEN DEATH.

New York, May 6.—Considerable mystery surrounds the sudden death at Greenpoint, L. I., of Miss Marianis F. Mason at the home of her father, Rev. John Mason, pastor of the Orchard Primitive Methodist church, in Oakland street. A coroner's physician, who performed an autopsy, has signed a certificate stating that death was caused by an irritant poison. Miss Mason was 22 years old and the organist in her father's church. She also taught a class of children in the Sunday school. During the evening she played and sang. A few hours later she was found dead in her bed.

FOUR DEAD: TWO ARE DYING

MEN ARE CAUGHT IN TORRENT OF MOLTEN METAL.

A Horrible Accident Occurs in Steel Works Near Harrisburg—Men Literally Cooked.

Harrisburg, Pa., May 6.—Four men were killed, two fatally injured and two others were terribly burned by being caught in a torrent of molten meal last night in an open hearth pit at the Pennsylvania Steel works, Steelton, near here. All of the men were Austrians and of three who died this morning at the Harrisburg hospital, where they were taken during the night, two have not yet been identified. Yauko Morevich was burned to a crisp and was dead when he was taken from the pit. One of the three who died at the hospital was Alexo Arajanevich.

The two dying men are burned from head to foot and the physicians at the hospital cannot learn their names. The other two injured men were taken to their homes at Steelton and it is believed they will recover. The men were at work in a pit behind the "checkers" when the iron either boiled over or the furnace burned out and the entire pit was turned into a pool of fire.

The pit boss, Charles F. Lockett, gave a cry of warning as the iron commenced to flow into the pit and three of the laborers heeded his cry and escaped fatal injury. The others, thinking evidently that the overflow was a slight one, similar to those which occur frequently at the furnaces, pressed against the side of the pit and were caught in the awful flood.

Those who escaped fatal injury are Marto Baryfatum and Marto Tarthum.

DEPRECATES STAGE IRISH.

New York, May 6.—James P. Bree, national secretary of the Ancient Order of Hibernians, has confirmed, according to a dispatch to the World from New Haven, Conn., the reports that an organized effort is being made by Irish societies to discountenance caricatures of the Irish race on the stage and in the papers. Said Mr. Bree: "The agitation is more for the education of the people than a movement against theatrical managers, actors and publishers. We must not be considered over-sensitive in the matter. What we object to is such characterizations as exploit the worst features of the race and make capital of the failings of human nature and ascribe them wholly to a type of Irishman which does not exist."

DANGEROUS IF NEGLECTED.

Burns, cuts and other wounds often fail to heal properly if neglected and become troublesome sores. DeWitt's Witch Hazel Salve prevents such consequences. Even where delay has aggravated the injury DeWitt's Witch Hazel Salve effects a cure. "I had a running sore on my leg thirty years," says H. C. Hartly, Yankeetown, Ind. "After using many remedies I tried DeWitt's Witch Hazel Salve. A few boxes healed the sore." Cures all skin diseases. Piles yield to it at once. Beware of counterfeits. Meyer Bros. & Co.

There were two surprises in yesterday's National league games, the most heroic of which was the defeat of Chicago by St. Louis by a telling score, and the other was the way Brooklyn broke its hoodoo and after five successive defeats winning from Boston. Yesterday's attendance was 10,300, and the results were as follows:
